

# How do I book the spray booth?

All students must book a workbench to be in 3D workshop. Booking a workbench for a 3 hour slot gives you a space to work and access to all necessary tools, sundries and equipment with technical supervision and guidance.

We will only be accepting booked appointments. No walk ins will be accepted.

You can book a workbench via the [Online Resource Booking \(ORB\)](#).

You must complete an online Health and Safety induction before booking a workbench.

The spray booth is a green piece of equipment. This means students can use the equipment once they have had one on one training. The spray booth should only be used when the 3D workshop is open.
